

In October 2010 Hamilton Fidel graduated from high school.

This was a very important and happy event since he is the first high school graduate sponsored through De Familia a Familia. Nine years ago Hamilton was attending a public school. Thanks to the kindness and generosity of an American family, he was enrolled in a private school rated among the top 10 best educational institutions in Guatemala City.

Congratulations to Hamilton!! who always showed a strong will, responsibility and the desire to better himself and bring, through education, happiness and wellbeing to his family and himself.
